

EcoDomo^{LLC}

Recycled Leather & Elevators

Add a unique charm to elevators with EcoDomo leather tiles, panels and floors – light & easy.

EcoDomo leathers are perfect for elevators in residential and commercial environments. Replace laminates and veneers alike with our leather veneer panels which are available in a standard 4'x8' size. Luxurious, sustainable, stately or whimsical in design, elevator cabs finished with leather always make an impression. Surprisingly affordable and light, EcoDomo leathers are perfect in elevators.

EcoDomo can provide made-to-measure panels, custom stitch to match the layout, and laminate our leathers. Color and texture match to your upholstery leather is available. Made in the USA.
