PHOENIX COLLECTION LEATHER BELT PANELS

FIRE RATING CERTIFICATION – ASTM E-84 CLASS A

May 16, 2017

To Whom it May Concern:

Our Phoenix Collection leather panels are made from a variety of leather belts made with belting leather. We treat our belts with the application of the fire retardant designed for leather which delivers a Class A finish upon request. EcoDomo has conducted an ASTM E-84 test on our Phoenix Belt Panels treated with the fire retardant and obtained a Class A certificate for ASTM E-84.   The results reported in Test #15574 from the Hardwood Plywood and Veneer Association (HPVA) on May 15, 2017 are as follows:

- Flame Spread : 15
- Smoke Index   : 300

Please do not hesitate to contact us at 954 429 3883 should you have any questions on the fire rating of any of our product lines, including the Phoenix Collection.

Sincerely,

Christian Nadeau
President
